IN THE SPECIFICATION

Please insert the following replacement paragraph marked  
up to show changes made relative to the immediate prior  
version for paragraph <sup>[0023]</sup>~~[0026]~~, as follows:

BDD

11-12-2007

--In the bridge circuit according to the invention shown  
in FIG. 1, a combined transmission and reception signal c is  
coupled with a bridge circuit via a connection 3 for a  
transmission section and a transmitter 7. Supplied to this  
bridge circuit via a connection 1 is a transmission signal a  
for a transmitter device, and at a connection [[2a]] 2  
reception signal b is tapped for a receiver device.--
